ASSOCIATED GENERAL CONTRACTORS OF TEXAS

HIGHWAY, HEAVY, UTILITIES & INDUSTRIAL BRANCH

“ As a proud member of AGC of Texas, I’ve witnessed firsthand the invaluable benefits that come with it. Joining AGC of Texas is more than a membership; it’s a strategic investment in your success and the success of our industry. —Wade Miller, AGC of Texas President — ”

About AGC of Texas

The Associated General Contractors of Texas is the collective voice for the diverse and dynamic heavy highway industry in Texas.

Founded on a legacy of commitment and driven by a vision for the future, AGC of Texas brings together a vibrant community of businesses and industry leaders.

The mission of AGC of Texas is clear: to advance the construction industry through relationship building, engagement, and advocacy.

What sets AGC of Texas apart is the unwavering dedication to fostering an environment where collaboration thrives. From forging connections at exclusive networking events to staying ahead of industry trends through cutting-edge initiatives, our members are at the forefront of innovation.

At AGC of Texas, our commitment extends beyond the job site — it encompasses shaping policies, driving advocacy, and ensuring the sustainability of our industry for generations to come. We are proud to be the collective voice that influences change at both local and state levels.

Whether you’re a seasoned industry professional, a business owner, or an emerging talent, AGC of Texas welcomes you to a community where your expertise matters, connections flourish, and the future of heavy highway construction in the Lone Star State is shaped.

Exclusive Networking: Connect with industry leaders and build meaningful relationships.

Stay Informed: Access the latest construction trends, regulatory updates, and industry insights.

Advocacy: Be part of a collective voice in shaping the future of the heavy highway construction industry.

Advocacy in Action

Nearly 150 members visited almost 181 legislative offices about industry priorities during the AGC of Texas Capital Day in February 2023.

Members of the Legislative Drafting & Review Committee and AGC of Texas Staff reviewed the more than 8,000 bills that were filed during the 88th Legislative Session. Below are highlights of the major infrastructure legislation that was passed during this past session:

TxDOT Funding: Over \$32 billion was appropriated to TxDOT for the state highway system, over \$580 million for rail, public transportation, and general aviation projects, and over \$600 million for maritime port infrastructure projects.

Electric Vehicle Registration Fee: Creation of a \$400 initial registration fee and a \$200 annual renewal fee for electric vehicles dedicated to the State Highway Fund for the construction and maintenance of the state highway system.

Proposition 1 & 7 Funding Extension: Props 1 and 7 constitute approximately 40% of TxDOT funding in the Unified Transportation Program (UTP). Both constitutionally approved revenue streams for TxDOT extended until 2042.

TxDOT UTP: Texas Governor Greg Abbott announced a record \$142 billion in total investment for Texas’ transportation infrastructure in 2023. This includes the unanimous adoption of the \$100 billion 10-year statewide roadway construction plan with the Texas Department of Transportation.

Constitutional Amendments: AGC of Texas partnered with industry groups to form the Texas Infrastructure Coalition and activated the Infrastructure Education Fund to support the coalition’s efforts in passing Propositions 6 (Water Infrastructure), 7 (Texas Energy Fund) & 8 (Broadband Infrastructure).

\$922,500

The amount the AGC of Texas PAC contributed to 148 statewide races in 2022.
